

Building and Remodeling Distinctive Homes for Discerning Owners

As a premier custom home builder, Riverwood Homes of Colorado has been committed to the fine art of crafting luxury homes for more than 25 years. While we are focused primarily on building new full-custom homes, we are also specialists in reimagining and transforming older homes into beautiful contemporary show pieces. We have countless satisfied homeowners across El Paso and Douglas counties, with concentrations in Flying Horse North, Flying Horse, Kissing Camels, Broadmoor, Larkspur, Parker, Sedalia, and Castle Rock.

In Home Building, Beauty is Truly More Than Skin Deep

There are many “luxury home builders” and selecting the builder best suited to you and your needs can be very challenging. Riverwood Homes of Colorado has a proven history of building uniquely livable, beautiful, comfortable, and efficient homes. We work alongside a number of local architects and draftsmen to assess the owner’s wants, needs, and dreams then assemble a blend of design elements that harmonize. Underpinning the aesthetics of the home are the elements comprising the envelope and the structure. These essentials share equal focus in design helping to create and maintain the comfort and efficiency of the home.
